*“This bottling by winemaker Nathan Kandler, from a vineyard 2,000-feet up in the mountains, demonstrates tremendous concentration at stunningly low alcohol. Aromas of mulberry, mace and sandalwood lead into a rich and woody palate that’s reminiscent of a summer-warmed pine forest, where wild elderberry shrubs and plum orchards bake in the sunshine.”*

*“Deep, dark and penetrating aromas of dried cherry and sarsaparilla show on the nose of this bottling. Dusty herbs and shiitake flavors come through on the palate, where a hearty mouthfeel showcases baked plum and mulberry flavors as well.”*

**2017 Mindego Ridge Vineyard Pinot Noir – Two Bottles Included**

**Vintage:** Record setting rains replenished our thirsty soils and gave our old vines a much needed reprieve from four drought stressed seasons. Luckily, Spring was mild and allowed us to set the best crop we have seen since 2012. A torrid heat spike over the labor day started the growing season with a bang and had us off and running at sprinter’s pace. The weather following was mild and allowed for the latest harvest we have seen in some time. It will go down as a vintage with good yields and potentially great quality.

**Vineyard:** Mindego Ridge Vineyard is located at the western end of Alpine Rd. near the town of La Honda. It is a perfectly exposed south facing hillside in a very cool spot. Planted in 2009, the nine acres of Pinot Noir here are lovingly farmed by Dave and Stacey Gollnick. The clay loam over shale soils produce wines of great intensity. This is one of the more exciting new plantings in the Santa Cruz Mountains.

*“Pale to medium ruby in color, the 2017 Pinot Noir Mindego Ridge Vineyard very slowly blossoms to aromas of red and black cherries, bay leaf, loam, dried flowers and hints of bouquet garni. The palate is medium-bodied and intense, gaining in amplitude as it swirls in the mouth. It has a firm, fine-grained frame and addicting juicy freshness, finishing long and spicy.”*

**2019 Vintage**

The 2019 vintage will go down as a classic year in the Santa Cruz Mountains. Some unsettled weather in the spring resulted in poor flowering, lower yields in some blocks. The summer was warm, but not oppressively so—the lack of extreme heat events was a welcome change. Harvest began in mid-September, finishing up in mid to late October - relatively late compared to the recent string of early harvests.

The wines are concentrated with a fine balance of structure and fruit intensity. Site expression seems amplified; low yields and moderate temperatures often lead to some of our most singular and terroir driven wines. The wines drink surprisingly well in their youth and have all the components for a long life ahead. The only downside to the year are yields; the wines will be sought after and rare.
